

The Constitution grants **NO AUTHORITY** to the federal government to administrate a Social Security system. The Constitution Party advocates **phasing out** the entire Social Security program, while continuing to meet the obligations already incurred under the system. Until the current Social Security system can be **responsibly phased out**, we propose that:

- The Social Security tax not be a “rainy day” fund, which politicians can pirate, or from which they can borrow to cover their errors and pay for their excesses.
- Individuals who have contributed to Social Security be allowed to withdraw those funds and transfer them into an IRA or similar investments under the control of the individual contributor.
- Any sort of merger between the U.S. Social Security System and that of any foreign country be banned, so the distribution of benefits will not go to persons who have not qualified for payments under American law as **legal** residents.
- Earning limitations on persons aged 62 and over be removed, so that they may earn any amount of additional income without placing their benefits at risk.
- Those provisions of the Social Security system which penalize those born during the “notch years” between 1917 and 1926 be repealed, and that such persons be placed on the same benefit schedules as all other beneficiaries.

We support the right of individuals to choose between private retirement and pension programs, either at their place of employment or independently.

The platform of the Constitution Party is predicated on the principles of

**THE DECLARATION OF INDEPENDENCE THE  
CONSTITUTION OF THE UNITED STATES AND  
THE BILL OF RIGHTS**

according to the actual intent of the Founding Fathers. These founding documents are the foundation of our Liberty and the Supreme Law of the Land.

The sole purpose of government, as stated in the Declaration of Independence, is to secure our unalienable rights given us by our Creator. When Government grows beyond this scope, it is usurpation, and liberty is compromised.

We believe the major issues we face today are best solved by a renewed allegiance to the original intent of these founding documents.
